Sensory Circuits

Dear Parent/Carer,

Firstly, I would like to apologise for the inconvenience of Sensory Circuits being cancelled for a short time. As part of our continuing drive to provide the best provision for the children of Braybrook, we are constantly reviewing and improving the provision we offer.

Recently, the staff who run sensory circuits each morning have received new training from a lead Occupational Therapist, which has meant we are now updating the equipment that the children use, making the activities more focussed and allowing the children to work on specific individual targets, which we hope will benefit your child when they are then in their class environment.

Unfortunately, this does mean that we will have a reduced number of places, which will be offered following a sensory processing skills assessment, recommended by the Occupational Therapy service, following discussions with the class teacher. We will send out letters this week, to those children who have been allocated a place this half term.

Thank you for your patience during this time of evaluation and change and also for your continuing support with this programme. If you have any questions or queries, please contact the school office to arrange an appointment with me.

Kind Regards,

Mrs Caroline Browne
Inclusion Leader
