#### **Maths**

We have been thinking about the composition of the number five. We have been singing '5 Little Speckled Frogs' in order to support our understanding of how five can be composed in many different ways. We have also been learning about 'more' and 'fewer' and playing lots of games to aid our understanding of these concepts.

#### **English:**

We spent some time improving our culinary skills in the kitchen before writing simple recipes to match our experiences. We wrote instructions on how to make porridge and also on how to make egg muffins. The children were then challenged to design their own egg muffin recipes during their independent playing and learning time and they came up with some fantastic recipes. They wrote sentences independently, applying their phonics skills and knowledge of letter formation. What amazing little writers we have!

#### **Understanding the World and Outdoor Learning:**

We have been learning about healthy eating and as part of our learning we have been cooking porridge. We tried different toppings and voted on our favourite ones. We then made egg muffins. We discussed where each of the ingredients came from and how they would change when they were cooked.

##### **Homework and Reading Books**

Homework will be sent out every Wednesday.

Reading Challenge (sharing books) will be changed every Tuesday and Friday.

Phonics Stretch and Challenge books will be changed every Tuesday.

In addition to this children will have access to their Little Wandle reading practice book on the Collins e-reader platform. This will be updated every Friday.

**Thursday 15th February**– Valentines Day Disco

**Friday 16th February**– Passport to the World
